

# LIVE INTERACTIVE WORKSHOPS ONLINE

Hosted on ZOOM with SUE PELLAND as your instructor

This is a tentative list of workshops that are already on the schedule or will be scheduled in the next year.

The workshops schedule is subject to change based on member registrations (workshops with fewer than 5 participants will be cancelled or rescheduled)

Each workshop teaches one or more skills leading you to the proficiency using the Rotary Cut Applique method.

Sue is constantly adding workshops as she develops new patterns and explores new techniques in Rotary Cut Applique.

*Sue will take you on a journey of discovery, and you will be part of the team as we experiment together and design new quilts!*

Leaves Galore Techniques (O)  
Hearts and More Techniques (O)
