

Class Description: Make samples of some of the shapes you can make with “Hearts and More” templates. Put these samples in a binder for future reference or make them into a small wall quilt as in the photo on the right. No sewing is done in class just cutting, fusing, and creating.

Required Supplies:

- 28mm rotary cutter with a brand new blade*
- Rotating or standard cutting mat (12” x 18”)
- Set of Hearts and More templates* four piece set
- Grace TrueGrips*
- Standard class supplies: pencil, notebook, scissors, straight edge acrylic ruler
- Norme or Petite Leaves Galore template* (optional)

Fabrics:

- Three different fabric colors for hearts and flowers each 12” x 22”; one or more green fabric for vines and leaves (1 @ 12” x 18” or 2 @ 12” x 9” or 3 @ 12” x 6”)
- One scrap of yellow fabric for flower centers at least 3” x 6”
- One 12” square of an appliqué fabric that resembles your background fabric with a slight contrast for the center heart. For example, if you use a black background, bring a dark gray 12” square. If you use a white background, bring a very light pastel 12” square
- Background fabric (3/4 yard). Precut this yardage into two 5½” x WOF strips. Cut one 5½” x WOF strip into a 5½” x 15½” strip for left border and a 5½” x 25½” strip for top border
- From the other 5½” x WOF strip, cut a 5½” x 20½” for bottom border and a 5½” x 20½” for right border
- Cut a 15½” square for center block from the leftover fabric

Prewash all fabrics including background fabric. Pre-fuse all your appliqué fabrics with fusible of your choice. Do not fuse the background fabric. I only use Mistyfuse. Do not use Steam a Seam II, Mistyfuse* is preferred. Come with all the appliqué fabrics pre-fused to make the most of class time. (Watch my online video to learn how to fuse with Mistyfuse at suepellanddesigns.com/videos)
